B. GENERAL BID & DOCUMENT REQUIREMENTS

All bidders submitting bids in relation to this request should familiarize themselves with the following general bid and contract terms and conditions. Bidders not in compliance with these documents subject their bid proposals to rejection. Bid proposals must be submitted complete with all required signed documents, final pricing, signature pages, copies of applicable license etc., at the time of submission. Iredell County will not request required information after bid opening and the lack thereof may subject a bid to rejection.

1. Bidders must comply with all aspects of this bidding process, which are designed to meet the requirements of North Carolina G.S. 143-128, 129 & 131, as amended, which collectively govern bidding and contracting procedures for government projects in North Carolina.
2. Bids submitted in response to this request will be governed by all N.C. General Statute, Iredell County Purchasing Ordinance and the general provisions outlined in this request.
3. All bidders for construction, renovation or improvement projects costing \$30,000 or above must hold a current, proper North Carolina General Contractor's license for the project at the time they submit their bid.

"North Carolina General Statute § 87-1. "General contractor" defined:

(a) For the purpose of this Article any person or firm or corporation who for a fixed price, commission, fee, or wage, undertakes to bid upon or to construct or who undertakes to superintend or manage, on his own behalf or for any person, firm, or corporation that is not licensed as a general contractor pursuant to this Article, the construction of any building, highway, public utilities, grading or any improvement or structure where the cost of the undertaking is thirty thousand dollars (\$30,000) or more, or undertakes to erect a North Carolina labeled manufactured modular building meeting the

North Carolina State Building Code, shall be deemed to be a "general contractor" engaged in the business of general contracting in the State of North Carolina.”

Iredell County does not provide training, prescreening or pre-determination of a bidder's or contractor's eligibility, except for the County's own convenience. Iredell County is neither responsible nor liable for any misunderstanding or misinterpretation of applicable statute nor any cost or expense caused by such. Iredell County may, however, hold as liable any bidder submitting a bid for which they are not licensed to perform.

Bidders are personally responsible for being familiar with, understanding and complying with the entirety of North Carolina General Statute Chapter 87, as well as all other NC General Statute applicable to their participation in any bid or project in North Carolina. Failure to make oneself familiar with, or ignorance of, applicable statute neither alleviates nor relieves such bidders from the penalties or processes noted within NC General Statute including NC.G.S. §87-13 & 13.1, which generally state that any bidder not holding the appropriate contractor's license at the time of submitting a bid for any project noted within the Chapter is guilty of a Class 2 Misdemeanor.

4. Iredell County Government does not discriminate on the basis of race, color, sex, national origin, religion, age, or disability. Any contractors or vendors who provide services, programs or goods for Iredell County are expected to fully comply with the County's non-discrimination policy.
5. Iredell County reserves the right to accept or reject any or all bids, evaluate all bids, especially where there is a wide range in specifications, and make an award in the best interest of the County. Iredell County reserves the right to take exception to or waive any item in the bid.
6. **BID AND CONTRACT: Please Read Carefully:** Signed Proposals submitted in response to this Request for Bids will be evidence of acceptance of Iredell County's terms and conditions, including here by reference Iredell County's Purchase Order Terms and Conditions and, combined with the terms and conditions set forth in this request for bid, make up the entirety of the contract to which Iredell County will be bound and will supersede, override and take precedence over any and all counter proposed terms and conditions presented in proposals and subsequent contracts. Bid proposals offered to the County contingent upon the County's acceptance of any counter-terms and conditions must clearly and obviously state that an exception is being taken and what that exception is. Such proposals *may* be considered during the bid review process but will remain subject to rejection at the sole discretion of Iredell County in favor of any bid containing conditions more favorable to the County. Iredell County accepts no counter terms/conditions unless specifically agreed upon in writing by Iredell County prior to contract award. **Regardless**, proposals taking total exception to Iredell County's terms and conditions and this bid document will be considered nonresponsive to this bid request and rejected as such. Iredell County reserves the right to accept or reject any or all bid proposals and will exercise that right when reviewing proposals containing any counter-proposed terms and conditions not favorable to the County.
7. **Bid Submissions, Bid Evaluation and Contract Award:** Bidders should be careful to submit a complete bid proposal. Bids will be evaluated based on a combination of criteria, with price being only one. Product specifications will be used to evaluate product offered, installation, services, etc. All informal contracts for construction, installation or repair work shall be awarded to the lowest responsible, responsive bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. In making a determination of responsibility, Iredell County may use criteria such as:

 - References
 - Financial ability
 - Insurance coverage
 - Etc.
8. All bids for combinations of work and product must be accompanied by the vendor's proposed start and completions schedule or timeline and other pertinent project data.

If pre-approved, payment will be made after an invoice for materials that have been delivered and on-site has been submitted to the County Construction Specialist.
20. **TAXES:** It is Iredell County policy that no contract will be awarded to a contractor or vendor that is delinquent in paying Iredell County property taxes. In the event the lowest, responsive bidder is found delinquent, Iredell County reserves the right to a) reject said Contractor's bid as not responsible, (b) withhold award until taxes are paid in full, (c) withhold unpaid property taxes from all amounts payable from the resulting contract or (d) take any other actions deemed necessary by the County. Regardless, project award and start will not be postponed to accommodate delinquent contractor.
21. Iredell County requires that all contractors performing work on County property maintain minimum insurance coverage as outlined in **Minimum Insurance Requirements & Risk Control** below. Acceptance of Iredell County's insurance and risk requirements *is a requisite* for award. Do not make changes to or take exception to these insurance and risk requirements. Bids offered contingent on any change or exception taken to this requirement will be deemed both non-responsive to this bid solicitation's requirements and specifications and not responsible. Such offers will be rejected.
22. **Terms & Conditions Acceptance:** By submitting a signed proposal in response to this solicitation, the individual is verifying that he/she is a duly authorized representative of the company and is able to legally bind the company to the bid amount and this agreement.
