Athletics Division Phase 2 Continuation
August 7, 2020

Based on the continued guidance and recommendation from the CDC, NCDHHS, and local, state, federal agencies, NCHSAA, and the established partnership with Iredell-Statesville Schools, Iredell County Parks & Recreation Department will not offer athletic leagues or field rentals for organized league play, scrimmages and/or games until at least September 4, 2020. After this date, and as additional guidance is received, we will make determinations for future athletic and sports programs.

For the physical and mental wellbeing of our community, Iredell County Parks and Recreation Department will continue to provide virtual and small sports and conditioning opportunities through programming. All activities including reservations for small groups will meet mass gathering and physical distancing guidelines.

For more information on our Iredell County Parks & Recreation programs, please visit: www.iredellparksandrec.com.
